2025 Recognitions

Viartis is a global healthcare company whose mission is to empower people worldwide to live healthier at every stage of life. We are purpose-built to make a positive impact for patients and healthcare systems with a dynamic portfolio spanning generics, established brands and innovative medicines that address areas of significant unmet need.

Our global operations and internal and external supply chain are designed to allow us to remain a reliable and flexible partner with a global footprint that adapts to an always changing and increasingly dynamic landscape. Partnerships and collaborations are essential to achieving meaningful and lasting impact.

To support reliable access to medicines and consistent quality standards, we work with an array of internal, regional, local and both public and private organizations. We consistently strive to connect more people with even more products and services to advance access and health. Ultimately, we know we are stronger together, working collaboratively across our company and with industry partners as well as the broader global community, in pursuit of access.

Viartis is a signatory to the United Nations Global Compact (UNGC) and is committed to the Compact's 10 principles related to human rights, labor, environment and anti-corruption.

WE SUPPORT

Viartis' Key Sustainability Areas

In 2025 and early 2026, we conducted a refresh of Viartis' most recent priority assessment, which reaffirmed the superior importance of Access and Global Health. Viartis works to create sustainable access to medicine to achieve better patient outcomes and advance global public health. We focus on key sustainability topics, all of which we pursue simultaneously to help drive our mission. These key topics encompass four broad areas:

These key topics encompass four broad areas:

- ▶ **Reliable Supply and High-Quality Medicine:** product and portfolio development, manufacturing and reliable supply chains,
- ▶ **Our People:** managing talent, engaging employees and promoting workplace health and safety and inclusion;
- ▶ **Environmental Impact:** minimizing environmental impact – from climate change and energy to water and waste management; and
- ▶ **Governance and Ethical Practices:** managing inherent risks and encouraging opportunities, data privacy and information security, and business ethics.

Partnering for More Sustainable Outcomes

Collaboration and partnerships are key for meaningful and lasting impact. As part of advancing our work and encouraging more sustainable practices across our value chain, we are full and active members of the Pharmaceutical Supply Chain Initiative (PSCI), promoting responsible supply chain management and a founding Board member of the AMR Industry Alliance.
